

ENROLLMENT PASSES 700 MARK HERE

Additional late registrations this week had boosted jaysee enrollment to 703 today which far exceeded earlier predictions that total registrations here would fall away below that of last year.

The latest report from the registrar's office shows a decrease of only 17 per cent under the combined day and night total of 874 students at this time last year.

Today's registration of 730 includes 27 post graduates and 53 students who are attending both day and evening classes. Total night enrollment alone was reported to be 445 at the close of classes last night.

Day classes show a total registration of 301 divided as follows: freshmen, 204; sophomores, 70; post graduates, 27. There are 207 women and 94 men in the day school.

No tabulation has been made on the exact number of men or women students attending night sessions.

Names Of 14 Added To Jaysee Plaque

Names of 14 men who have been killed in the services of their country since the dedication of the jaysee service plaque last fall have been added to the roll, which will be placed in the library with its 17 names, Director John H. McCoy stated today.

Those whose names are newly encribed upon the plaque are Myers McCrory, Arthur Berry, Robert Guenther, Claude Bassham, Ted Bernstein, Frederick Becher, Roger Fuller, William Hart, Aldon Alleman, Gilbert Planchon, Carlos Enochs, Neill Oakley, Joe Herbert, and Guadalupe Castenada.

Listed upon the roll of honor at the time of dedication were Delbert Hogan, Allen Goff, and Robert Spickard.

Purchase Of ASB Cards Shows Drop

Showing a decrease of 40 per cent from last year, the total number of Associated Student activity cards purchased so far during the semester has reached 153, Mrs. Vivian Crawford of the college business office stated today.

With cards required of all those wishing to hold membership in any campus organization, it is believed that this number will be increased during the next week, when most clubs will meet.

Associated Student membership tickets may be purchased at the college business office in the Board of Education building.

School Heads Return To Teaching Duties

Manpower shortages in the teaching ranks both here and at Santa Ana High school have been felt directly by Principal Lynn H. Crawford and Director John H. McCoy as both have had to return to the classroom to conduct courses this semester.

According to the high school schedule, Mr. Crawford will teach a class in civics the first period of the day during the semester, while Mr. McCoy will resume lectures in the field of journalism. Both men were former teachers in the local system before advancing to their respective administrative posts.

In addition to his teaching duty, jaysee's director also conducts many activities formerly supervised by the dean of men, has charge of the new night school program, keeps up the public relations program of the college, and performs the many administrative duties left him by former Director D. K. Hammond.

VOLUME XIX

SANTA ANA, CALIFORNIA, OCTOBER 8, 1943

NO. 15

EL DON EDITOR for the coming year will be Shirley Wright, according to an announcement by Adviser Grace M. Knipe.

Appointments For El Don Staff Made

Shirley Wright will head El Don staff as editor for the coming year, Mrs. Grace M. Knipe, adviser for the paper, disclosed today. Miss Wright is a graduate of Newport Harbor high school, where she was editor of the Beacon.

Also appointed to a staff position is Kathryn Stern, who will serve as advertising manager for this year. Miss Stern was graduated from Santa Ana high school. While attending there, she acted as advertising manager of the school paper, the Generator.

Definite appointments for circulation manager and sports editor will be made in the near future. At the present, Marjorie Brown is circulation manager, and David Hart is serving as sports editor.

Other members of the staff are Joyce Platt, Virginia Michelsen, June Sondericker, Edna Saxton, Lois Bogardus, Beverly Palmer, Marjorie Brown, and Randolph Patton.

Miss Wright stated that because of curtailed paper supplies and the limited budget allotted this year, El Don will be published bi-monthly, instead of weekly as in other years.

Army, Navy Exams To Be Given Soon

Army specialized training and Navy V12 qualify tests will be given November 9 at 10 a.m. in College hall for all men between 17 and 21 years of age who have completed their high school course or will have done so by March 1, 1944, it was revealed today by Frank A. Henderson, superintendent of city schools.

Information and application blanks may be obtained from Ernest C. Phillips, armed service representative, at his office in College hall any school day between 10:30 and 11:30 a.m.

SAME TEST FOR BOTH

The same test will be taken by both Army and Navy applicants but each candidate will be given his choice of preferred service. Designed to test the aptitude and general knowledge of college training is the purpose of this test.

Men selected by the Navy will be assigned to college on an active duty status and will receive uniform and pay while attending school.

Army students will be enrolled in college training after first receiving proper screening and basic military training required of all such applicants. All expenses of tuition, board and room, books and uniforms will be paid by Uncle Sam.

Large Decrease In ASB Expenditures For Year Shown In Budget Report

Sharp reductions totalling \$5200 will be made in Associated Student expenditures this year, it was disclosed today when the tentative budget for 1943-44 was made public. Total appropriations distributed among the various campus activities sponsored by the Associated Students will amount to only \$2180 this year compared to the \$7380 budget of last fall.

Final budget approval awaits the action of the student executive board which is scheduled to meet again next week to discuss plans for the year, President Bob Jones said yesterday.

Most severe cut for the 1943-44 will be suffered by Del Ano, pictorial college yearbook published each June. The \$350 appropriation proposed for the publication will be augmented, however, by a balance of approximately \$300 left in the yearbook fund last year and by another \$100 secured annually through the sale of page space to the various clubs.

Absence of football this year is responsible for the major portion of this year's budget reduction as more than \$2500 was spent by the Associated Students last year for team activities and medical fees. This will be unnecessary this year since the Dongs will not field a team.

Despite the drastic cuts it will be necessary to spend a large part of the \$2000 reserve fund to meet expenses, Jones said, as only \$700 was realized this fall from the sale of Associated Student tickets and the college could not operate activities on that small amount.

A list of appropriations on the new tentative budget as compared with those made last year follows:

	1943-44	1942-43
Advertising	\$ 75	\$ 175
Alpha Gamma Sigma none		75
Alpha Mu Gamma	5	25
A. W. S.	100	150
Baseball	none	175
Basketball	150	250
Fiesta Play	none	50
Football & Medical	none	2600
Forensics	none	15
Miscellaneous	750	1100
Phi Theta Kappa	25	100
News Service	300	350
Phi Sigma Alpha	none	15
Social	225	400
Subsidies	100	300
Track	75	250
W. A. A.	25	100
Totals	\$2180	\$7380

Literary Group Will Entertain Freshmen

Many freshman students interested in writing will be invited to the next meeting of the Tavern Tattlers, honorary literary society, which will be held on Oct. 19, in the women's lounge. At that time, Mrs. Robert Northcross, former dean of women, and English instructor, will be the guest speaker.

The first meeting of Tavern Tattlers was held on Friday at which time election of officers was the order of business. Those who will serve during the fall semester are Pat Collins, president; Elaine Dollard, vice-president; Helen Webbeke, secretary-treasurer.

The Tattlers is composed of students interested in creative writing and new members are chosen for interest as well as ability. For initiation members are asked to read an original writing before the club.

YWCA Pot-luck Dinner To Be Held Wednesday

All women students are invited to attend a pot-luck dinner sponsored by the YWCA in the women's lounge, Oct. 13, at 6 p.m., Pat Patterson, YW president, made known today.

Women may sign for choice of pot-luck dishes in the YWCA box on the club bulletin board in College hall.

Winterbourne Is Tavern Post Editor For Fall Semester

Dorothy Winterbourne will act as editor of the fall semester edition of Tavern Post, semi-annual campus literary magazine, Mrs. Grace M. Knipe, adviser of the publication, revealed today.

Acting under the newly selected editor for this edition will be members of Tavern Tattlers, literary organization, which is organizing material and planning an early publication of the magazine. Contributions from any of the Associated Students will be accepted and considered for publication," the newly-appointed editor made known today.

Distribution of copies of the Tavern Post will be made soon after publication free to all students possessing an Associated Student card

ENSIGN DERREL WOLLERT

Former Don Killed In Pacific Theater

Official word was received recently by Mr. and Mrs. H. C. Wollert of the death of their son, Derrel Wollert, ensign in the U.S. Naval Air Corps.

Previously listed as missing in action since Sept. 19 somewhere in the South Pacific, confirmation of the young flier's death was received in a telegram from the Navy department to his parents living at 1145 E. Chapman Ave., Orange.

A graduate of Santa Ana Junior college, Ensign Wollert received his wings in Oct., 1942, from the Corpus Christi Naval Training center and was assigned as pilot on a Navy torpedo plane. He had been on active duty in the South Seas for several months.

Funeral Services Held For Mrs. Knipe's Father

Our deepest sympathies are extended to Mrs. Grace M. Knipe on the passing of her father, F. H. Mulford, following a long siege of illness.

Burial services were held at 10:30 this morning at Wee Kirk O' the Heather, Forest Lawn Memorial Park in Glendale.

Mrs. Knipe will return to her classes on Monday.

ALL-AMERICAN HONORS were won by Editor Helen Butler and staff with the edition of Del Ano, college yearbook, which they published last spring.

Del Ano Wins Honor In National Contest

For the first time since 1937 Del Ano, junior college yearbook, has been given All-American honors for last spring's publication, it was announced by Director John H. McCoy today.

Edited by Helen Butler, the annual won the honors in competition with 141 other junior colleges throughout the nation who entered the contest sponsored by the National Scholastic Press association at the University of Minnesota. With a score of 1365 points of a possible 1500, the yearbook was one of two of these publications from jaysees with an enrollment of 500 or over to receive the All-American award.

STAFF MEMBERS GIVEN

Del Ano's literary staff in addition to Miss Butler included Virginia Michelsen, Margaret Power, Muriel Verdugo, Elaine Howard, Ethel Schoneman, and Betty McMillen.

Art staff members were Margaret Lockett, LuJean Kail, Rebecca Archer, Bernita Horton, Patti Power, Elaine Dollard, Helen Webbeke, and Gordon Heath. Miss Frances Egge, head of the jaysee art department, was adviser to the honor-winning yearbook.

El Don has received similar All-American honors from the Minnesota association on nine occasions.

Former Dona Now On New York Stage

Harriet Abrams, former junior college student, is currently appearing in the New York stage production of "The Two Mrs. Carrrolls," which stars Elizabeth Bergner.

A recent Life magazine in featuring the Broadway hit pictured Irene Worth, the stage name Miss Abrams has taken, in her role of Mrs. Carroll.

Miss Abrams began her dramatic work here as the lead in "Smiling Through." "I recall that we cast the play around the character portrayed by Miss Abrams," Ernest Crozier Phillips, dramatic instructor, revealed and went on to state, "I'm very proud of her success."

Daughter of the Henry Abrams, formerly of Costa Mesa, Miss Abrams was quite prominent on the campus with dramatics leading her interests. She was crowned Dona at one of the annual college fiestas.

Approve Office Appointment

Harriet Eby has replaced Miss Margaret Rowland as a part-time secretary in the college office. Her appointment was approved at the last meeting of the Board of Education.

Will You Condemn This Again?

In a study of Santa Ana's post-war needs, members of the city's Chamber of Commerce have mailed blanks to citizens, asking them for three suggestions for the community following the war.

When the earthquake of 1933 destroyed the beautiful junior college buildings on the high school campus, classrooms and administrative offices were moved temporarily to the present two-story brick main building, once condemned, and its accompanying make-shift bungalows. And here it has stayed, proclaiming the nearsightedness of many proud Santa Anans whose pride must suffer constantly when eyes turn to the jaysee campus.

Members of the Board of Education have set aside \$40,000 in the school's budget for the purchase of a campus site, and two years ago application was made to the government for post-war aid in building a new junior college. Here could be built an observatory for the jaysee's telescope, which is out-classed among California colleges and universities by Pomona and the University of California at Berkeley alone. Here could be built a machine shop, print shop, laboratories and other features for vocational training to teach students the skills which they wish and need. Here could be built well-lighted, well-ventilated modern class and lecture rooms, well-planned administrative offices. Here could be built a gymnasium and athletic field—close to other buildings, not from one-half to a mile away.

Santa Ana Junior college, long famous for its capable faculty and promising student association, can mark the infamy of poor equipment, inadequate housing from its records when post-war construction begins—IF every student campaigns today, tomorrow, next week, next month for a new campus to replace the present block which forms the nucleus of our activities.

Tell your friends, your neighbors, your parents to list a new junior college as a MUST for Santa Ana's post-war success. You can lay the cornerstone of a future Santa Ana Junior college today. WILL YOU?

I Can't Buy a War Bond...

If you feel you can't buy War Bonds, write your reasons down on a piece of paper and mail it to a friend or relative of yours on the fighting front. A friend or relative who is facing the hell-fire in modern war... a friend or relative who may be lying, body torn, on a blood-stained battlefield far away from home. Tell HIM you just can't buy more War Bonds.

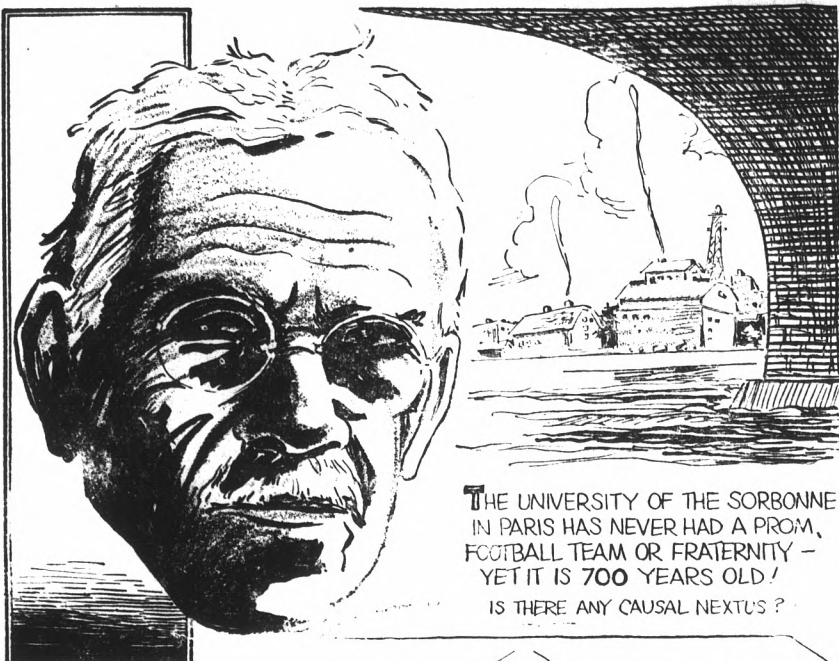

Of course you can't write that letter any more than you could turn your back on that dying soldier if you were at his side on that same battlefield. Help him by buying a War Bond today.—Orange Daily News

New Americana Edition Received by Library

Miss Lillian Dickson, head librarian, today announced the arrival of the 1942 edition of The Americana at the library.

"This new one volume encyclopedia, dealing with a wide range of subjects is an outstanding addition to the shelves of our reference department, as well as giving brief accounts of specific subjects," Miss Dickson stated.

Ensign Bob Ward Returns To Duty

Ensign Robert G. Ward, special student this semester and tackle on the 1940 championship football team, has withdrawn from school awaiting assignment to active duty, Miss Mabel G. Whiting, registrar, disclosed today.

Bob entered junior college in 1939 and graduated in 1942. During his course of study, he was a member of the Bachelors and affiliated with the National Championship Don squad as a tackle. After graduation, he enlisted and received his commission as ensign following his flight training.

After being commissioned, Bob was on active duty in the North Atlantic until recently, when he contracted rheumatic fever at his northern station and was sent home.

He enrolled for post graduate courses in Sept., but now has passed his new flight physical and will be assigned to a new mission.

BOOK STORE TO OPEN AT APPOINTED TIME

The student book store is opened now only by appointment, Henrietta Griset, head of the store, stated today. The book store, sponsored by the YWCA, is located in back of bungalow N, and money raised from the sale of books is used by the organization in charity work.

Books in which students might be interested are two college geographies by Case and Bergsmark, five college physics textbooks by Foley; and one college typewriting book. Any students who wishes to make an appointment, should rop a note in Miss Griset's mailbox.

Post-War Education For Veterans Is Outlined At Illinois

URBANA - CHAMPAIGN, ILL. (ACP)—The University of Illinois has plans formulated to meet squarely and immediately the individual educational needs of returning veterans.

If present plans are carried out—the program awaits trustees' approval before becoming operative—traditional entrance and curricular requirements of the University will be modified to meet the individual background and needs of the returning veterans.

The term "veterans" is used to include demobilized men and women from both the armed services and the war industries.

PLAN FOR INDIVIDUAL

Because these veterans will be more mature than the student coming directly to the University from high school, and many will have backgrounds of special training in services and industry and of foreign travel, the plans committee urges that entrance requirements be adapted to meet individual needs, and that curricula be arranged to meet individual plans of present course prerequisite requirements.

Under the proposed plans, a special committee would handle problems of admission and curricula, and extensive use would be made of the University Personnel Bureau and its testing activities to place and guide veterans in their university work.

The University's present wartime accelerated program should be continued after the war so long as it is needed, the committee says, pointing out that many veterans will want to complete their university training as rapidly as possible. For former college students who left the classroom for war, refresher courses will be needed to enable them to take up their work where they dropped it.

MISS EGGE RETURNS; IS DEL ANO ADVISER

With the return of Miss Frances Egge as head of the art department, announcement was made today of her appointment as adviser to Del Ano, college yearbook.

Appointment of the editor and literary staff for this year's publication will be made in the near future, and work on the edition will begin immediately.

Don Football Eleven Had Good Coach, Good Past Records

Santa Ana has perhaps one of the best coaches in the country in Headman Bill Cook and undoubtedly the best record of any football team.

"Bill" has won eight championships in his past 16 years of coaching at this institution, producing champions in 1929, 1933, 1936, 1937, 1940, 1941, and 1942. In the years 1940 and 1942, Cook's men took the mythical National Championship.

The Dons have been undefeated in three seasons, 1937, 1940, and 1942; untied in 1940 and 1942. During the past three years, the Dons have been defeated once in 35 starts, losing to Pasadena in 1941. The 1940 team is considered to have been the best one in the history of the jaysee.

All told, the Dons have won 107 games, against their losses of 42 games, tying 20 games. Their points scored equal 2398, against their opponents 1106.

Jeep Outmodes Apollo's Chariot

"Jeep!" Most popular jalopy of the age.

From whence came the name? "General Purpose Vehicle" was the first label given this power-packed conveyance. But true to army tradition the name was shortened to its initials, G. P. Elide them and there you have it—"Jeep!"

There's just nothing it can't do. As one soldier described his jeep, "Mister, I drive a jeep that makes its own gasoline, parks itself, don't think nothin' of bangin' right through a hill instead of runnin' 'round it. Don't need no garage 'cause it burrows itself a hole in the ground at night—"

Why just think now how many more days might have been cram-

New Women Students Greeted By YWCA At Treasure Hunt

A two-team treasure hunt highlighted the first YWCA social event of the year held recently on the jaysee campus.

As new women students and club members gathered in the women's lounge, they were divided into teams by YWCA President Pat Patterson, who gave treasure hunt instructions and directed each team to its first clue, one of 20.

Returning first to the lounge was the blue team, following a wild dash over the campus, and both the winning blues and losing reds were given boxes of chocolates.

As the women enjoyed refreshments of sandwiches and hot chocolate, Miss Patterson acquainted them with the purpose and activities of the YW and encouraged each of them to join.

One social gathering and one afternoon meeting will be on the monthly schedule for the organizations, Miss Patterson said, adding that already active this semester is the YW book store.

Officers for the fall semester are Pat Patterson, president; Barbara Cox, vice-president; Bernita Horton, secretary-treasurer, and Henrietta Griset, book store manager.

med into our "unprodigious" lives if the gods had but granted Apollo a "jeep chariot" instead of the antiquated model he did use to whip around through the heavens each day.

Service Clubs Will Entertain At YWCA For Outside Women

Entertaining all women of the college who are eligible for campus social activities, the four women's service clubs will hold a party at the YWCA, Fifth and Main, at 8 p. m. this evening, Mary Eklund, general chairman, announced today.

Given to acquaint students, the party will bring together non-service members who hold Associated Student cards and carry at least 12 units of work and members of Las Gitanas, Piloteers, Las Meninas, and Spinsters.

Arrangements for the affair have been made by committees appointed from combined club membership and headed by advisers from the four groups.

Souvenir favors made by a committee under the direction of Miss Dorothy Decker will be presented to each guest upon her arrival. Following the reception of non-service students, a social hour will be presented by Miss Genevieve Humiston, Mrs. Venice Wetherell and the entertainment committee with General Chairman Eklund in charge.

The evening will be concluded with the serving of refreshments by a committee under Miss Muriel Anderson.

Invitations to eligible students were issued last week by Pat Collins, Ethel Schoneman and Evelyn Westerburg under the direction of Mrs. Grace Knipe.

Today Is Deadline For Club Blanks

Deadline for all blanks to be filled out by campus organizations planning to continue this semester has been set for today, according to an announcement by Bob Jones, Associated Student president.

The needed blanks may be procured from Miss Joiner in the college office, and the completed lists may be returned to Jones. Information required includes date, time and place of meeting, officers and members of the club.

Organizations which had filed their blanks with the Associated Students yesterday are Alpha Mu Gamma, Alpha Gamma Sigma, Phi Theta Kappa, Der Deutsche Verein, L'Hotel de Rambouillet, Las Gitanas, Sister of Spinsters, Sigma Phi Sigma.

Placement Bureau Aids JC Students

The placement bureau, which is under the capable directorship of Miss Genevieve Humiston, renders a very useful service to the students of Santa Ana Junior college. Established and maintained by Miss Humiston, the bureau seeks to direct students to part-time jobs that are in line with their chosen vocations. The bureau also helps students to obtain summer jobs and permanent jobs following graduation.

"We like to have the students come in, so we can discuss the types of jobs they desire and help them with any problems that might arise in regard to work and school," Miss Humiston stated. There are many jobs available now; one particular job offers a splendid opportunity to a boy who is interested in a business career, Miss Humiston reported.

Basketball To Replace JC Football: Division Plans Discussed Monday

Plans for the coming basketball season will be the topic of discussion at a meeting of Eastern division administrative officials to be held in Riverside, Monday at 4 p. m., according to word received by El Don today.

Director John H. McCoy, who is planning to represent Santa Ana at the conference, has already announced that Bill Foote, instructor of physical education classes, will coach the Don team.

It was during the last meeting of the junior college officials, held at Compton, that the division decided to drop football from the schedule. Attempts were made to secure a six-man football schedule, but the other schools preferred to drop it completely rather than continue on that basis.

Schools other than Santa Ana who are meeting at Riverside include Fullerton, San Bernardino, Pomona, Riverside, Chaffey, and Citrus, all of which will be included on the Don's playing schedule.

Military Class Has Ups, Downs

"Column right!" "To the rear, MARCH!" "Come on, you guys, keep in line." "Left FACE, not right, you dopes, LEFT; LEFT spelled L-E-F-T!"

Perhaps a little exaggerated, but should you hear these strange noises booming forth from the depths of the municipal bowl around 11:45 a. m. Tuesday and Thursday mornings, don't be alarmed and rush for the nearest psychopathist, because it's just the military training class going through its semi-weekly drills.

The class is meeting for the purpose of training students (strictly in the masculine gender) to distinguish their left from their right. It may seem strange that some people after all these years still are unable to distinguish the direction left and right. Should you still doubt the fact, it is easily proved by just watching the class drill.

There is always some unfortunate freshman who throws the squad into a seething mass of humanity when he attempts a rear march at the command of "Halt!" Or there is the dumb sophomore at the head of the line who keeps marching forward at the command of "right flank" and finds himself several yards off the beaten path.

There also is always the thrill of "doing it right," for, strangely enough, the unit sometimes performs like West Point graduates . . . and at other times are about as graceful as an army tank.

At Ohio State the housing situation is mixed up. An army ASTP unit moved into Mack and Canfield halls, two co-ed dormitories, while the co-eds took over some of the local fraternity houses.

Texas alone expects to send 324 nurses a year to the armed forces.

"THE GHOST AND THE GUEST"

Hopes For Football Dropped By Dons

Students were saddened recently upon the announcement that Santa Ana Junior college officials have definitely decided to discontinue football for the coming season, following a meeting of Jaysee Division officials held at Compton.

Local representative made a vain attempt to secure a six-man football schedule with Compton, Pasadena and Fullerton, but since enthusiasm was lacking on the part of the other schools, the idea was dropped.

HORNETS ALSO VICTIMS

Another football victim of the war was Fullerton, Santa Ana's arch-rival, who withdrew from the conference because of an even smaller turnout of 11 men. Fullerton's pre-season hopes of a team were shattered when more than half of the expected number failed to report for practice. Twenty-three had signified their intentions of joining the Hornets during registration week, but dropped from the roster before practice began.

According to Rev. Geo. Busdiecker, president of the board of education, Coach Bill Cook, veteran of 16 years of coaching at junior college, will go to Santa Ana high school as full-time co-coach with Bill Cole. Cook was already helping Cole on a part-time basis, dividing his afternoons between the Municipal bowl and Clayton field.

CONTINUED PRACTICE

Players hopefully practiced for two weeks before the abandonment with only 15 reporting daily. The practice was continued with hopes for the arrival of reinforcements which did not materialize.

In addition to the fact that only 15 men were reporting regularly, only nine of them have had any experience at all, this received in high school.

Dons who were required to transfer into regular gym classes from football are Capt. Willard Bristow, Bill Neth, George Endres, Phil Nixon, Ron Troutman, "Chili" Bressler, Bill McPhee, George Crawford, Robert Jones, Warren Cairns, Don Robinson, Keith Naylor, Bob Wyrick, Robert Levy, and Bob Miller.

ARMY OVERSEAS PACKAGES

Now to October 15

I'd like to suggest to all you Donas just what that two-fisted fighting man overseas would like for Christmas.

The "one and only" would just dearly love a fitted case or apron (we have them both) and he'd simply go for the most secure of all a money belt. Come in and see all our other gifts . . . at . . .

WAA SHORTS

By BEVERLY PALMER

Cry havoc! all you over-energized lassies, the WAA needs you for after-school sports, according to a call sent out today by Miss Zena Leck, instructor of women's physical education.

We meet from 1:30 to 2 p.m. on Mondays and Wednesdays for volleyball and Thursdays for badminton. Bowling will be added on Tuesdays when and if the local alley opens in the afternoon. This date will be announced in a later issue. You're bound to have plenty of good clean fun with your colleagues and at the same time streamline those muscles.

Remember that old "school spirit"—we need it more than ever now with the adjourning of football. Girls, it's up to you.

P.S. You'll also find yourselves better fitted for those "physical torture" classes on Tuesday and Thursdays.

Purdue university got an unexpected blackout this summer when the campus' first air raid siren was being tested. By a strange coincidence, the campus power plant failed just as the siren test was about to begin!

Gates of the main barracks of The Citadel in South Carolina have been in use for more than 118 years.

fashion salutes the Shirt and Skirt Girl

What's trimmer and smoother and more practical than a good tailored shirt and a slimly styled skirt? For late Fall days of mingled warmth and chill, you can add your favorite jacket to the twosome and be comfortable any time of day. Sketched are just two of the sleek ideas to be found in the Play Pals shop.

Here's a little gem that's typical of our snazzy collection of skirts—a radiant plaid number with hip-flattering pleats and in currently popular color combinations: Black and Red, Beige and Brown; Green and Gray. Sizes 12 to 18. 5.95

A real smart trick is this latest Pilot Shirt tailored in fine rayon shantung. It's versatile style can be either dressy or casual, depending on its teammates. Choose from Red, Blue, Maize, Pink, or White. 2.95
